Items we need PRIOR to the wedding day:

-If you are providing music for trailers or slideshows we need MP3 files
Emailed to us well in advance of the wedding day

-payment in full two weeks prior to the wedding
-signed contract

Please let us know your expectations for your wedding video production. Do you have strong likes or dislikes we should know about. Anything you would like us to know that might effect how we film and edit your wedding video.

Things to keep in mind:

-Wedding trailers, slideshows and full length media are delivered in FINAL FORM. Later requests for subjective changes are charged a flat fee of \$250.00 and are completed as studio time allows. Technical issues in your media are corrected as soon as possible.

Delivery time varies from 10 days to 2 months depending on the time of year and studio volume. We know how anxious you are to see your final product and we work as quickly as possible. Generally, the later in the year the more backed up we become.
